

Millennium Science Complex - Basement

Penn State excels in five broad areas of interdisciplinary materials research.
 To learn more, visit: <http://www.mri.psu.edu/research>

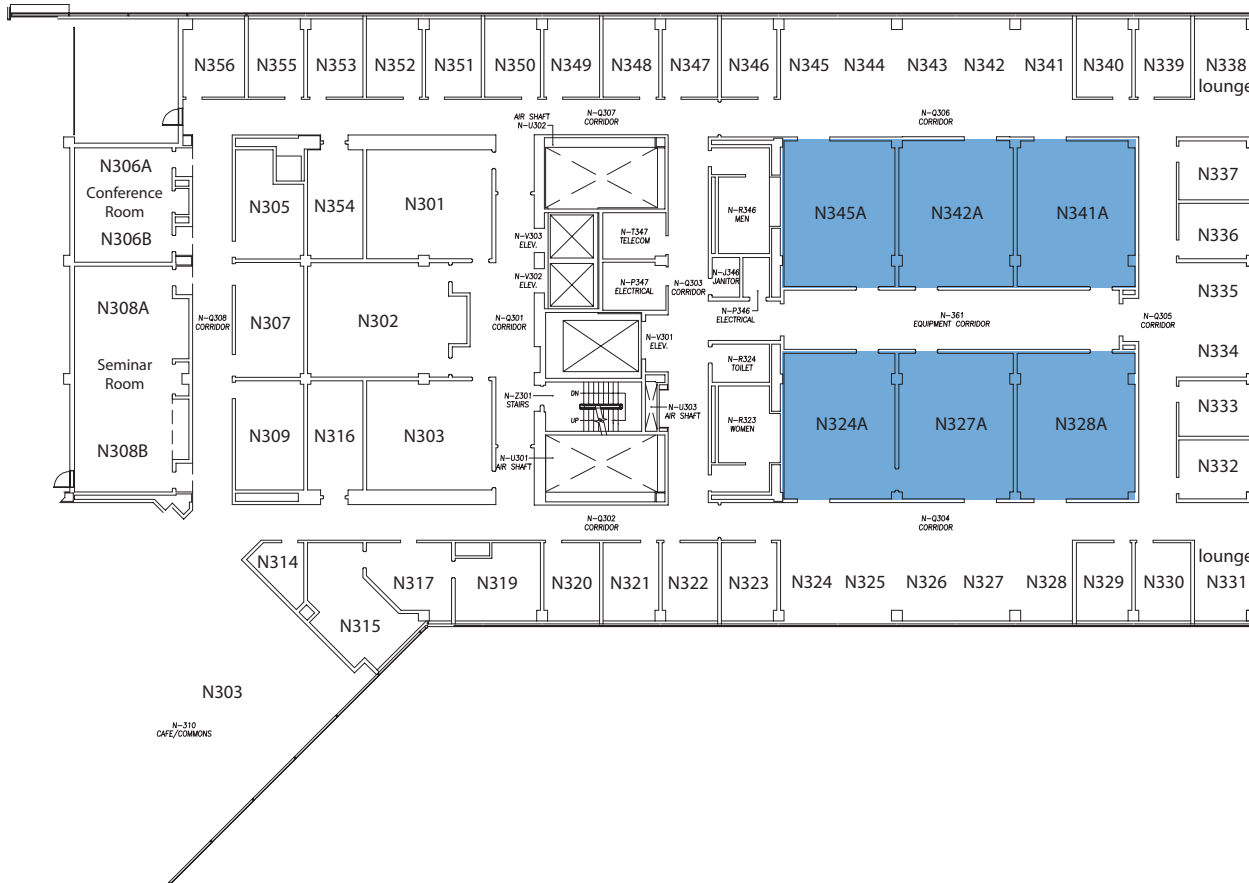

Millennium Science Complex - Second Floor

■	Materials Characterization Laboratory
▨	Huck Life Sciences Characterization
■	Nanofabrication Laboratory
■	Biomedical Materials & Devices
■	Electronic and Photonic Materials & Devices
■	Polymeric Systems
■	Materials Processes & Tools
