

# Pubg Mobile New State Apk

## Pubg Mobile New State Apk + OBB

※ Drop into PUBG: NEW STATE, the newest title by PUBG Studio, the creators of PLAYERUNKNOWN'S BATTLEGROUNDS.

Using diverse weapons and tactics, 100 survivors will face off until only one player or team remains standing.

With an ever-shrinking Blue Zone, players must find weapons, vehicles, and consumables to gain the upper hand.

Only the strongest will emerge as the "Lone Survivor" in this epic showdown.

►Ultra-Realistic Graphics that Push the Limits of Mobile Gaming

Graphics that surpass the standard of mobile gaming with Global Illumination technology.

Drop into massive open worlds that feature the most realistic graphics available for mobile gaming.

With next-generation mobile graphics, PUBG: NEW STATE delivers the full battle royale experience straight into players' hands.

►Realistic and Dynamic Gunplay

Enjoy realistic gunplay optimized for mobile gaming.

Master different weapons and make each of them your own with weapon customization.

► Next Generation Survival

Enjoy a variety of tools and features, including drones, combat rolls, and more.

Explore massive 8x8 km open worlds with a variety of vehicles.

Utilize a variety of weapons in order to swing the battle in your favor for a more immersive battle royale experience.

► Expanding the PUBG Universe

Set in the near future, years have passed since the original game. In 2051, anarchy rules as numerous factions battle each other.

The competition has evolved into a new battleground featuring state-of-the-art technology that requires survivors to adopt new tactics to survive.

◆ Smartphone access permission notification

## [Required access permissions]

- STORAGE: Access is required in order to install and store data for the game.

## [Optional access permissions]

- MICROPHONE: Access is required to use in-game voice chat features.

## [How to remove access permissions]

- Android 6.0 or higher

1. Removing access per feature: Settings>Applications>More (Settings and Controls)>App Settings>App access>Select access permission>Select remove access

2. Removing access per application: Settings>Applications>Select app>Select access permission>Select remove access

- Android 5.1.1 or lower

Removing the application is the only way to remove access permission due to the limitations of the operating system.

We recommend that you update the Android operating system version.

## [Product Information and Terms of Use]

※ Additional costs will be charged upon paid items purchases.

- Period and Terms of Use: Follows details stated in the game

(Will assume that the period will be until service termination should there be no separate date stated)

- Payments and payment methods: Follows separate payment amount and method stated per product

(Payment amount may change based on currency exchange rates and fess should payments be made in a foreign currency)

- Product distribution method: Immediate distribution to the in-game ID(character)

- Minimum device sepcifications: Android 6.0 or higher, 2.5GB RAM
